FACULTAD DE CIENCIAS ECONÓMICAS Y ADMINISTRATIVAS

La Facultad de Ciencias Económicas y Administrativas de la Universidad Americana comenzó su trayectoria académica en 1995 con el lanzamiento pionero de la carrera de Ingeniería Comercial en el país. Desde entonces, ha consolidado una oferta educativa que abarca disciplinas relacionadas con la economía, la gestión empresarial y la organización.

Entre las carreras que ofrece se encuentran Ingeniería Comercial, Ingeniería y Licenciatura en Marketing y Publicidad, Economía, Licenciatura en Comercio Internacional, Licenciatura en Administración de Empresas, Contaduría Pública, Licenciatura en Gestión de Turismo y Hotelería, y Licenciatura en Gestión de Recursos Humanos. Recientemente, se han añadido programas como Licenciatura en Administración Agraria, Licenciatura en Logística Global, Licenciatura en Administración Pública y Licenciatura en Innovación y Desarrollo.

La Facultad se distingue por tres pilares fundamentales que guían su acción: la globalización y la integración internacional, la innovación en la gestión empresarial y económica, y el fomento de habilidades emprendedoras con un enfoque en el liderazgo y la creatividad.

Con un firme compromiso con la excelencia académica, la Facultad busca constantemente la evaluación y mejora de sus proyectos educativos y el desempeño de sus docentes. Asimismo, se esfuerza por ofrecer servicios de alta calidad desde sus diferentes áreas académicas.

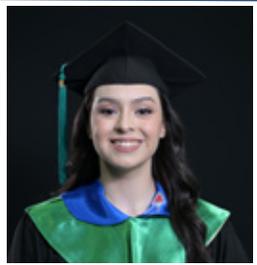

Su misión principal es formar profesionales íntegros y competentes, capaces de destacarse en el entorno laboral, ya sea en el sector público o privado, mediante el dominio de los conocimientos específicos de sus áreas de especialización.

La labor académica de la Facultad cuenta con el respaldo de numerosos convenios de cooperación y programas de pasantías establecidos con empresas, instituciones y organizaciones de renombre, tanto a nivel nacional como internacional. Estos acuerdos permiten a los estudiantes realizar cursos en otros países adheridos a la red de convenios, como así también obtener la doble titulación internacional.
